***Allowable Subject Matter***

1. Claims 25-29 and 31-36 are allowed.
2. The following is an examiner's statement of reasons for allowance: The primary reasons for allowance is the inclusion of the following limitations in claim 25 related to optimally presenting large-scale images:

“ a) processing source image data to obtain a series K.sub.1-N of derivative images of progressively lower image resolution, and wherein series image K.sub.0 being subdivided into a regular array wherein each resulting image parcel of the array has a 64 by 64 pixel resolution wherein image data has a color or bit per pixel depth of 16 bits representing a data parcel size of 8K bytes, resolution of the series K.sub.1-N of derivative images being related to that of the source image data or predecessor image in the series by a factor of four, and said array subdivision being related by a factor of four such that each image parcel being of a fixed 8K byte size;

b) compressing each image parcel by a fixed 4:1 compression ratio such that each compressed image parcel has a fixed 2K byte size;

c) storing each image parcel on a server in a file of defined configuration such that any image parcel can be located by specification of a K.sub.D, X, Y value, representing the image set resolution index D and corresponding image array coordinate;

d) processing source overlay data into either an open XML or a binary representation containing annotation data in a resolution independent form

Art Unit: 2455

associated with a display coordinate specification relative to the source image data;

... j) communicating said image parcel and corresponding source overlay data from said server to said local viewing device in a single network data package; and

k) displaying said large-scale image as a discrete portion of a predetermined image on said local viewing device.”

3. This subject matter, when considering the claim as a whole, is not found in the prior art nor is it obvious in view of the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
